

## Components

## Take out and pair the earphones

If you're using the earphones for the first time, remove both from the charging case. The LED on one earphone will blink red and blue alternately, indicating that they are in pairing mode.

Note:

- If the earphones have not been paired with each other, they will automatically enter pairing mode when turned on. You'll hear two beeps when pairing is successful.
- If the earphones have been paired before, they will automatically reconnect to each other when turned on. You'll hear a beep when they connect.

## Power on and off

### Power on

Taking the earphones out of the charging case will automatically turn them on.

To manually turn on each earphone, press and hold the touchpad for three seconds.

### Power off

Placing the earphones in the charging case will automatically turn them off.

To manually turn off each earphone, press and hold the touchpad for five seconds.

Note: If the earphones are not paired with a Bluetooth device within three minutes after powering on, they will automatically power off. They will also power off after three minutes if the paired Bluetooth device moves out of the effective connection range and has not reconnected.

## Basic operations

Power on/off

Phone mode

Music mode

Reset earphones

## FCC ID: 2BHJR-NE35

FCC Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

\*RF warning for Portable device:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
